Waves Lash over Sea wall at St. Augustine and Flood Streets.

Much Havoc Wrought Down the Coast.

MANY LIVES REPORTED LOST.

St. Augustine, Fla., Oct. 18.—All last night the hurricane drove waves over the sea wall and today the lower part of the city is flooded. Heavy damage to property and shipping will result.

Three laborers are dead here and it is believed news from farther down the coast will tell of heavy loss of life in the construction camps of the East Coast railroad.

Damage in Cuba.

Havana, Oct. 18.—Wire communication with the interior is cut off and the situation outside this city is in doubt. The town of Batabano is said to be under water to a depth of many feet. A large number of lives have been lost there, according to reports. A report from Regla, across the harbor, says that many persons have been killed there.

It is rumored that a great number of sailors and longshoremen have been drowned in the harbor.

It is probable the most fatalities and the greater monetary damage has been done in Pinar del Rio where the destruction of Thursday and Friday has been added to greatly. The sugar crop is thought to have suffered severely.

The gale came from the southwest with a violence not experienced before in a long time. Rain fell in torrents throughout the night, but let up somewhat at daybreak though the wind held as strong as ever.

All traffic in this city and in the harbor were suspended. Scores of lighters and other small craft have been swamped or wrecked against the bulkheads. All vessels in the port are double anchored. The steamers are under full steam. The West line steamer Saratoga, which was due to sail on Saturday, remained at anchor.

Relief Trains Sent Out.

Miami, Fla., Oct. 18.—Weather bulletins were posted here this morning announcing the approach of a hurricane, and all vessels along the Atlantic coast have been warned to prepare for severe weather.

No trains have arrived here since Saturday over the Florida East Coast railroad, being held up at West Jupiter on account of a serious washout. Relief trains have been sent from Miami and Jacksonville.

NARROW ESCAPE FROM CREMATION

MRS. BEN DEEVERS WAS ILL AND FIRE WAS DISCOVERED LATE.

Awakened by burning embers falling on his bed, Ben Deavers, 306 Ashbrook avenue, and his wife had a narrow escape from cremation early this morning. Their home was nearly destroyed before they were aware of the danger, which was the greater, because Mrs. Deavers had been ill for many weeks, and she was barely rescued in time.

Owing to the heavy fog this morning the fire was not discovered by passers-by. The roof was burned off and fell in on the bed before Deavers himself awoke. He carried his wife out of the burning house, and then gave the alarm. By the time the Nos. 2 and 4 hose companies and the No. 4 truck company could reach the house it was almost completely destroyed. Deavers has \$700 insurance, which will about cover his loss on the building and household goods.

The adjoining house of R. Treadway, 304 Ashbrook avenue, was damaged slightly by the fire.

Little Hope For Harold Leigh

Councilman Ollie Leigh received a message this afternoon that the condition of Harold Leigh, the son of Mr. and Mrs. Charles Q. C. Leigh, injured in an automobile accident, is unchanged. His condition is considered hopeless.

His Lantern Did Not Leak.

F. N. Berger, watchman at the Lack Singletree company, said: "My lantern was not leaking and did not cause the fire in the boiler room on Sunday morning as reported. I placed the lantern on a table, and it was not the cause of the fire."

Johnny Bell Arrested

Johnnie Bell, a woman of Caldwell street, was arrested at 8:30 o'clock last night by Patrolmen Shrader and Ogilvie on complaint of Timothy Griffith, who says she consorted with his son, containing \$24.80 while he was a caller at her home. He swore out a warrant, charging her with grand larceny and the trial was set for tomorrow morning in police court. She is being held in the county jail, having been unable to make bail.

NOT GUILTY PLEA OF DR. CRIPPEN IN OLD BAILEY TODAY

Arraigned Before Judge Arraigned in His Gown and Periwig.

Black Cap Upon Bench By His Side.

CROWN PROMISES ITS PROOF.

London, Oct. 18.—"I am not guilty." Standing alone in the prisoner's dock, of old Bailey, facing the judge with cool assurance, Dr. H. H. Crippen today enforced a plea of not guilty to a charge of murdering his wife, Belle Elmore. The trial was opened immediately. The defense reserved only three challenges from the first panel. The king's counsel, R. D. Muir, opened the case for the crown. It is expected Crippen will know his fate in one week.

Lord Alton, chief justice of England, who is presiding, wore his gown and powdered wig, and at his side lay the terrible "black cap," which an English jurist must don before he can pronounce the death sentence. Crippen gazed nervously about the room. The prosecution said it would prove Crippen and Miss Leneve had been intriguing for three years to get rid of Mrs. Crippen.

Ethel Hollis Being Held.

Ethel Hollis, the girl found wandering on the streets last week, is being held at Riverside hospital pending an investigation of her mental condition. At intervals the girl appears irrational. Relatives in Memphis have wired a ticket for her transportation to her home, but it is not considered safe to send her to Memphis in her present condition.

DRUNKEN COLORED MAN STAGGERS INTO HOUSE

Staggering through the back door of the residence of Mrs. Florence McCurdy, who lay ill in her bed in the front room, Will Williams, a negro, who was drunk, created a panic about 5 o'clock yesterday afternoon. Mrs. Thomas Thompson and Mrs. Thomas Lutz, who were in the room, were frightened out and Mrs. McCurdy, although weak and exhausted, crept from her bed in fright to escape. He was fined \$100 in police court.

FINES ARE PAID BY BAWDY HOUSES

LARGE FEES GO TO ATTORNEYS PROSECUTING THE CASES IN COURT.

As a result of the indictments returned by the grand jury last week, several fines have been paid by the defendants as agreed upon. Indictments against women for running bawdy houses have resulted in the following fines: Ella Howe, \$50; Jessie Leach, \$50; D. Blanchard, \$50; Ruth Burrows, \$50. George Brownell was fined \$92 for renting a house for a bawdy house. Seventy-five per cent of the fines go to the commonwealth's and county attorneys.

Tobacco Coming In.

The Planters' Protective association has approximately 10,000 pounds on hand at the Third street warehouse. Tobacco has been coming in from points in the county for several days and also some from Marshall county. It will be prized and Mr. M. M. Tucker, who has charge of the pricing and storing of the 1910 crop predicts a lively movement from now on. The receipts will be larger in the next few weeks and the present amount in storage is the first of the pledged crop to be sold next year. The past year saw an unusual sale and indications point to a much larger business in 1911.

Mr. John W. Keller will leave tonight for the west on a trip.

Wellman Fails in His Attempt to Cross Atlantic In His Balloon and is Picked Up by Passing Boat

Dirigible "America" is Abandoned Between Hatteras and Bermuda—International Cup Race Sighted.

New York, Oct. 18.—The first attempt to cross the Atlantic in a dirigible balloon came to grief early today. The America, with Walter Wellman and his crew, was sighted in distress due east of Cape Hatteras by the incoming Bermuda liner, "Trent." The Wellman party was rescued by the liner and the balloon was abandoned. This news came after a report from the steamer Mesaba that the dirigible had reached Sable Island.

Captain Downs, of the Trent, in his wireless gave no details as to where the balloon had been since Saturday. The party was taken aboard the steamer from the airship half way between Bermuda and Cape Hatteras.

Siasconset, Mass., Oct. 18.—The Atlantic transport liner, Mesaba, reports her wireless operator this morning picked up a message sent from Walter Wellman's dirigible, America, through the steamer Olav, westward bound. The message placed the airship to the south of Sable Island. Only the end of the message was caught. While trying to pick up the Olav, the Mesaba passed beyond range.

St. Louis Balloon Lands.

Racine, Wis., Oct. 18.—The St. Louis balloon, Million Population Club, pilot Von Phool, landed in a cornfield six miles from here early today. Dr. J. C. Convery, a physician and chemist of high standing, extols the virtue of the great health restorer.

"There is always a great and lasting satisfaction to be derived from administering a remedy and obtaining the result desired and expected. I have been engaged in the practice since I graduated, over 45 years ago, both in pharmacy and medicine, and I have sold and prescribed hundreds of bottles of Duffy's Pure Malt Whiskey in cases to maintain and build up a patient's bodily resistance and shorten the period of convalescence, and patients who complain of headache, biliousness, want of appetite, lack of vigor and ambition, and a general run down and exhausted feeling. I have found nothing more beneficial than Duffy's Malt Whiskey. I am positive of its being pure and unadulterated.—Dr. J. C. Convery, 119 Sixth Ave., N., Nashville, Tenn.

Save \$2 by Making This Cough Syrup at Home.

.....
This recipe makes a pint of better cough syrup than you could buy ready-made for \$2.50. A few doses usually conquer the most obstinate cough—stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (50 cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Not That Commercial.

"We Yankees are commercial," said Judge Albion E. Walcott, of Vermont, at a commercial travelers' banquet at Atlantic City, "but we're not as commercial as the southerner would make out."

The Yankee brightened up. "What per cent commission was it?" he asked.—Louisville Times.

A Surprised Bishop.

The children of an infant school in Wales are taught very much by signs. The hand of the teacher sloped signifies "oblique"; the hand held flat, "horizontal"; the hand upright, "perpendicular." One of the Welsh bishops was preaching one day on behalf of the school, when, observing several children whispering together, he held his hand upright in a warning manner, meaning thereby, to impress silence, on which almost the whole

school in the midst of the sermon shouted out, "Perpendicular!"—Idea.

Recently interviewed, he says:—"I suffered a long time with kidney trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self."—Gilbert's drug store.

AT THE KENTUCKY.

Tonight—Al H. Wilson in "Metz in Ireland."

Friday, Oct. 21—"Polly of the Circus."

Saturday, Oct. 22, (Matinee and Night)—"The Girl From Rector's."

The Cast of "Metz in Ireland," which Al Wilson will present here tonight at the Kentucky is: Metz, a roving German. Al H. Wilson. Sir Robert Somerset, a British officer. Beresford Lovett. Harvey McCune, a steward of Klonkitty. Thaddeus Shine. Michael Dolan, a blacksmith. Wm. S. Gill. Patrick Mulligan, a broth of a boy. Richard Milloy. Little Bantury, a Banshee's victim. Mabel Craig. Tim McPhail, a peasant.

Isador Lachman. Holdfast, a constable. C. C. Murphy. Carry, a constable. Harry Spingler. Kathleen O'Malley, a Rose of Erin. Mabel Wright. Ann Dolan, a strong-minded creature. Lizzie Conway. Peggy Dolan, a fair colleen.

Florence Sinnott. Lady Somerset, a Lady of England. Mary Condon. Mrs. Murphy, a peasant. Lillian Van Arsdale. Mr. Wilson has never failed to show a big house here. Concerning his present production The Louisville Times said: "Besides being a German character comedian of appealing methods. Mr. Wilson charms the ear with songs. He is of the Joe Emmet school."

The St. Louis Globe-Democrat said last week:

"The singing ambassador of German dialect, melodious and jolly Al H. Wilson, yodler and model wearer of stage clothes suitable to the part he most affects, is once more at the Century theater, this time in his three-act musical drama, easily the best of all the Wilson plays, "Metz

in Ireland." Wilson this year has a number of new songs, and he sings them in his best style. His dialect has, if anything, improved. Manager Ellis has taken care to give the new piece the most appropriate dress and in every act and scene it is good to look upon. Metz in Ireland should, and surely will, find many takers at the Olive street house this week."

Margaret Anglin will be seen here at a date to be fixed.

The Sheehan English grand opera company, with its own orchestra, comes November 3.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menopause ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which

are entirely unsuited to woman's requirements. Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle. Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

For the House of Governors.
Governor and Mrs. A. E. Willson will entertain with a big reception, at the Mansion on the evening of the twenty-ninth of November in honor of the governors and their wives attending the Governors' convention.

There will be an entertainment given in Lexington for the governors and their wives and two big affairs are being planned for them during their stay in Louisville.—State Journal, Frankfort.

We Had-Foss.

The following from the Nashville Banner is of interest here, where the charming bride has been a popular visitor and the bridegroom a popular resident:

"Of much social interest was the brilliantly solemnized marriage in Ithaca, N. Y., on Saturday evening of Miss Eunice De Bard, daughter of Mrs. Laura Davis De Bard, and Mr. Howard Coburn Foss. It took place at the First Presbyterian church in Ithaca. A round of complimentary pre-nuptial affairs was given for Miss De Bard, who attended school in Nashville a few years ago and has many friends here.

"The first of the pre-nuptial affairs for Miss Eunice De Bard was a delightful card party on last Wednesday, given by her maids, Misses Clark, Edgar, Kilbawne, Willis and Patterson. The reception halls were effectively decorated in autumn flowers and foliage and the game of progressive whist was enjoyed, the score cards being hearts with brides' heads apropos of the occasion. Tempting refreshments were served on the card tables. The bride-elect was very attractive in a gown of rose satin made after a French model, trimmed in self-toned and black velvet, with steel beaded passementerie and panels of baby Irish lace veiled with Persian chiffon. She wore a black velvet picture hat with plumes and steel fringe.

"Another very delightful entertainment complimentary to Miss Eunice De Bard, a bride of the week, was given Thursday night by her matron of honor, Mrs. Henry L. Freeman, formerly Miss Lottie Nicholson, of Birmingham, Ala., at her attractive home on Linden avenue. The reception hall and parlors were elaborately decorated. Green vines twined the stair case, and autumn leaves were massed everywhere, forming a background for the tall vases of pink carnations and other cut flowers. Tiny hand-colored brides' slippers were used to draw partners, after which each couple was given a little heart-shaped book printed in cupids and other bridal emblems in which they were to write letters of advice to 'The Newly Weds.' These letters were read aloud by the honoree, causing a great deal of merriment. A musical program was given by Miss Nina Nicholson of Birmingham, Ala., and Mr. J. W. Routh. The loes were in pink hearts and white doves, pink and white being the color scheme for the wedding. Mrs. Freeman was very handsome in a lovely gown of yellow satin veiled in pale blue chiffon and trimmed in bands of Oriental beads. The guest of honor was a charming picture in a very Frenchy and becoming costume of peach bloom satin, with an overdress of pale blue satin striped chiffon caught in at the knees with a band of pink velvet edged with brown fur. The front panel was of gold lace over the pink, and large medallions of coral and gilt beads with pink velvet and brown fur formed the corsage trimming. In her dark hair she wore a band of pink velvet held in place with rhinestone ornaments."

Mr. Leavitt's Lecture.

A capacity audience greeted Mr. W. H. Leavitt last night at the Three Links building in the second lecture of his Artist Life in Paris series, testifying to his steadily growing popularity in Paducah. Mr. Leavitt carries his hearers with him in a very agreeable way, and is most interesting in his delineations. At the close of the lecture he described his notable painting, "The Last Supper."
Mr. Leavitt's last special lecture of the series will be given on Thursday afternoon at 2 o'clock at the Three Links building.
The picture, "The Last Supper," will be on exhibition every day from 9 a. m. to 9 p. m. until after Thursday.

MAY SHAVE MORE CLOSELY.

Many Men Would Not Do Without Poslam, Which Soothes and Heals

While the application of poslam, the new skin remedy, after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers have found it a revelation, as it does for abrasions, roughness and severe scraping what it does in all manner of skin difficulties—heals and cures in a few hours. Poslam's great anesthetic and curative value enable it to tone up the skin as no toilet preparation possibly could. Any infection, such as barber's itch is quickly cured for poslam's primary work is the rapid healing of such serious skin diseases as eczema, acne, tetter, salt rheum, etc. "Poslam is the best and quickest cure that I have seen in my 25 years' experience in the barber business," says Frank J. Kammerer, Racine, Wis.
A sample of poslam (mailed free) will tell the whole story. Write for it to the Emergency Laboratories, 32 West Twenty-fifth street, New York City. Poslam is sold in two sizes (trial 50 cents; regular jars \$2) by all druggists, particularly by Gilbert's and R. W. Walkers Co's.

Fowler and Miss Ethel Morrow were handed in this morning. The club will elect their successors at the meeting next Tuesday.

Thomas-Bagwell.
Mrs. Eliza Thomas, 823 North Seventh street, announces the approaching marriage of her daughter, Miss Minnie Thomas to Mr. Otto Bagwell. The ceremony will take place on Wednesday evening, October 19, at 8:30 o'clock at Cumberland Presbyterian church, Twelfth and Trimble streets.

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients, as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

TOBACCO MARKETS.

Hopkinsville, Oct. 18.—With the new crop of tobacco all in the barn and cured up, the buyers and dealers are beginning to prepare for the moving season and the farmers are looking forward to an early sale of their product and the realization of good prices. Reports from the country indicate that the tobacco has cured up in fine shape, the length ranging from 18 to 24 inches, the leaf being fairly broad with good color, weight and texture. Worms were scarce during the growing season than nearly ever known before, and the tobacco suffered very little in this regard. The weather which prevailed while it was maturing was very favorable and it was cut and housed in the best of shape. So the farmers are expecting good prices on all grades, and judging from what few indications have already been noted they are entitled to the belief to some extent.

Buyers for many of the large dealers have been riding over the country looking at the crops, and many speculators have already begun to buy. As a rule the prices the latter offer range around \$8.00 to \$9.00 per hundred pounds, and it is expected that about \$8.00 per hundred for the crops as a whole will be about the average for loose tobacco. But, many of the farmers are holding for from \$10 to \$12.50, and say they will not sell for less.

LIVESTOCK.

Louisville, Oct. 18.—The receipts of cattle were 3,581, as against 2,738 Monday, 3,888 a year ago and 1,695 two years ago. There was a pretty good number of buyers, both local and foreign, on the yards, however, with an increase in receipts of over 800 head. All other markets dull and lower. There was not so much activity in some branches of the trade, and with a few exceptions prices were lower. The best butcher cattle, that is, something fancy, sold readily at barely steady to a shade lower prices. Medium and inferior kinds were cut 10c to 25c below the high level of a week ago. Good healthy trade on good feeders and stockers; others neglected and unevenly lower. Good bulls steady, common bulls and canners lower. Milch cows slow. Not many heavy steers here, and they were weak and lower. The pens were only fairly well cleared. There were a great many of the 850 pounds to 1,100 pounds green "near beef" class of steers on sale today; they were a

drug on the market at a good decline.

CALVES.

Receipts, 313. Market dull and lower. Bulk of the best, 7¢ @ 8½¢. Some fancy higher. Medium, 6¢ @ 7½¢; common, 2½¢ @ 6c.

HOGS.

Receipts, 3,180 head. The market ruled steady on good hogs, strong and higher on pigs. Selected, 22¢ pounds and up, \$8.85; 120 to 220 pounds, \$9.00; pigs, \$8.00 @ 8.65 (mostly \$8.65); roughs, \$8.05 down. All were sold and the market closed steady.

SHEEP AND LAMBS.

Receipts, 531 head. The market ruled dull and lower owing to the continued weakness of other markets. The best fat sheep, 2½¢ @ 3c down. Best lambs, 5¢ @ 5½¢. Common sheep dull at 1¢ @ 2½¢; medium and common lambs slow and hard to sell at 3¢ @ 5c.

St. Louis — Cattle — Receipts, 5,500; market steady; pigs and lights \$8.50 @ 9.20; packers \$8.00 @ 9.10; butchers and best heavy \$8.55 @ 8.50. Sheep — Receipts, 3,000; market steady; active muttons \$3.75 @ 4.25; lambs \$5.50 @ 7.25.

GARDEN OF MONTEZUMA.

Beautiful Pleasure Grounds of Early Mexican Rulers.

That an unknown, highly cultured people, of whom neither history, tradition nor legend has preserved any record, flourished in or near the valley of Mexico and enjoyed spiced chocolate and aromatic beverages from transplanted tropical fruit grown by them in a marvelously built garden at Oaxtepec from 1,500 to 2,000 years ago, is the latest theory of Guillermo Telles regarding the recently discovered garden of Montezuma.

Mr. Telles applied to the Department of Public Instruction for a special permit to make explorations in the garden.

He has been devoting a large part of four years to studying the plants found there. Through the inscriptions he has been able to glean historical data concerning twenty-one successive cañiques. Tropical trees, flowers and fruits were transplanted from the Isthmus of Tehuantepec and Central America to this garden, and there were grown cocoa, vanilla, papaya, yolloxochitl, mescalito and another rare flower which gives off its odor in the night.

These plants and their friends were ingredients of the delicious chocolates which were the favorite beverage of the Aztec lords when Cortes arrived. The garden was visited by Acamapixtli and Ilhuicamina, the second-named being identical with Montezuma. It is claimed that Montezuma Ilhuicamina appropriated this beautiful garden to his personal royal uses and pleasure.—Mexican Herald.

BEARS ON TOP DURING WEEK

BULLS IN DECIDED MINORITY IN WHEAT PIT.

Prices Lower Than Any Time Since Harvest—Liquidation on Increase.

EUROPE STILL HOLDS ALOOF

Chicago, Oct. 18.—Wheat bulls were in hopeless minority at the close of business in the pit last week. Prices at the last were lower than at any time since harvest, although they were not as low as in mid-June last. The slim outlook for an export demand for American wheat, along with the slow milling trade, proved quite discouraging to many owners. One of the weak features of the situation was the withdrawal of the Minneapolis millers from the Kansas City market, where they had previously bought large quantities of hard winter wheat. This is likely to prove a depressing factor in the Southwestern markets and make the low price at Chicago more natural. Chicago is still the lowest wheat market, relatively, of any in the country.

It was a liquidating market and the liquidation enlarged as prices declined. Long stuff came out in volume on stop orders all week. Sentiment is now unanimously bearish despite the recent break in prices, and a slump of 16 cents from the high point of the season. Many traders thought they were getting too much company on the bear side, which has a tendency to check short selling. It is believed that there must be a further reduction in prices to a level where the surplus can be worked off before there can be any permanent good on the bull side. There has been a reversal in the character of the grain trade of the world of late which is difficult for a majority of the operators who have come to comprehend. They were educated to bull markets and to buying on breaks. Under the present bearish conditions sharp traders who understand the effect of carrying charges have been selling on all bulges of ½ to 1 cent, and those who have gone long on breaks have lost.

Bears Everywhere.

A bull with a fresh idea was hard to find last week, while bears were everywhere. It was said that every long had a loss in his holdings of all grains and that the short interest was reduced at the last, as profits were taken by many traders who did not care to stand out over Sunday.

Despite the recent slump in prices Europe still holds aloof from our markets. Large supplies everywhere give intending buyers a feeling of security, while the carrying charges current in this country show them what an immense advantage they offer the owner of the property. Buyers' needs are not urgent. Nevertheless the situation in this country is slowly working around to the point where the owner of the property may look for more favorable conditions. Insofar as local supplies are concerned, however, this progress is so slow that it can hardly be called progress as yet.

There have been some very material decreases during the last month in the quantity of wheat received at primary centers. The total receipts for the year, however, are still over 8,000,000 bushels larger than at this time last year. Bulls contend that the extra movement this year was forced by bankers' demands, but it must not be forgotten that prices prevailing during the after-harvest crop-moving period were the highest that ever have been seen. Even in 1904, when the total wheat crop was but 552,000,000 bushels, the price started around 80 cents and did not reach its greatest height until mid-September. The excellent opportunities for hedging futures at a stiff advance over spot wheat have induced many millers to carry ample stocks this year, and the indications are that it will be a slow process to reduce these supplies to a basis calling for heavy drafts on the centers of accumulation.

Review of Field.

In summing up the possibilities for sufficient demand for wheat to result in more than offsetting the daily cost of carrying the supplies, it is only necessary to review the field. North Dakota and France have short crops, the balance are heavy, with the maturing crop of Argentina in the balance.

The increase in the latter country bids fair to balance against ordinary crop losses. The burden of proof thus far is that probable losses will not be more than ordinary. Meanwhile supplies everywhere are ample and are evidently increasing. Despite the lessened primary receipts the available commercial supplies are increasing about as rapidly in this country as anywhere else.

Wheat got a bad start on Monday when general rains in Argentina dissipated all fears of drought. This influence was partly offset later by bullish domestic statistics, which caused a partial recovery in values. The government crop report, with preliminary estimates of a total wheat yield of 692,000,000 bushels, or about 45,000,000 less than last year, was not known until after the close of business. There was a fairly active early trade, but dull business during the latter part

of the session. The trade in general was not disposed to venture very far on either side of the market. There was considerable pressure in May wheat. World's shipments were nearly 3,000,000 bushels larger than a year ago and considerably larger than expected. Total world's shipments were 16,952,000 bushels, as compared with 14,160,000 bushels the corresponding week last year.

Increased Weakness Shown.

Increased weakness was shown in wheat all day on Tuesday. A weak start was due to cables showing that there had been an enormous increase in supplies in Europe during the last week. The trade was also impressed by the government crop report indicating a larger yield than was expected. There were a few fractional rallies, due to covering by shorts early, but these rallies grew more feeble and infrequent as the day advanced. Meanwhile some of the early buyers attempted to resell, tired longs began to unload and there was no offsetting increase in the buying.

On Thursday uncertainty regarding the condition of affairs in Argentina and a higher market at Liverpool started wheat strong and held it fairly firm a good part of the morning. It developed that there was steady selling on all the strong spots, and the market gave way under the load. Minneapolis and Milwaukee millers reported a slow flour trade, which in turn reflected on the cash wheat markets. Cash wheat at Kansas City and St. Louis was lower, partly as the result of the Northwestern millers, who have been good buyers of hard winter wheat Southwest, pulling out of the market. Some of the Minneapolis and Milwaukee mills closed down during the week.

Touches Low Point.

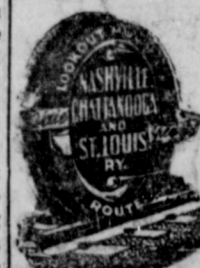

On Friday wheat touched the low point of the week, May selling at \$1.09 ¼ and December at 94 ½ cents. There had been an early fight for a recovery in prices which was successful for an hour, and then the whole grain list had a break to the lowest points of the season. December wheat at the end of the week was 3½ cents lower than at the close of the previous week. May declined 3½ cents and July was 2½ cents lower.

Corn traders have discovered that the country is experiencing a long period of very fine weather, conditions favorable for drying the new corn and certainly a help to those who wish to market the old corn. There is a belief in the trade that the movement of corn to this market will increase in the near future. Those best posted on outside conditions claim that the fine weather is saving a great deal of feed to livestock. May and July corn decline 2½ cents each last week, while December was 2½ cents lower.

Oats were weak and lower and disposed to follow corn. The government figures were very bearish, estimating the crop at 1,096,000,000 bushels, which is 89,000,000 bushels larger than ever before raised in this country. The shipping trade in oats was fair.

Special large headed galvanized nails avoid the necessity of unsightly tin caps, which quickly rust and cause leaks. J-M REGAL ROOFING, when properly applied, will outwear any other roofing of its class, and it gives the best roof at the lowest cost. J-M REGAL ROOFING is the outcome of more than 50 years' experience in manufacturing roofing materials. It represents the result of a half century of experience and a constant endeavor to produce a really high grade roofing at a low grade price. While not the lowest in cost, it contains more real value than any other manufacturer can produce for the price.

The base of J-M REGAL ROOFING is genuine J-M TRINIDAD LAKE ASPHALT—the most durable water-proofing material known. As Trinidad Lake Asphalt has been used for 30 years for street paving, it is well adapted for roofing, where the conditions are far less severe.
